

Chinese crested dog club  
Championship show kennel club building Stoneleigh  
Aug 5th 2018.

Thank you to the "mother club", for inviting me to judge their championship show on the "eve" of their forthcoming golden jubilee next year. I was honoured, and truly privileged, to receive a superb number of entries, on what was one of the hottest days of the year! Thanks to you all.

I feel somewhat saddened, however, with the lack of attention given to some of the exhibits, regarding breed type and soundness.

I found quite a few course back, and wide side skull, forgoing the chiselling of the foreface and characteristic crested finish. Some female exhibits were far too masculine, especially in the powder puff. Bolstered and upright shoulders leading to short necks and dreadful movement. Level bites and undershot Jaws were evident also! That over i was still extremely happy with the first 4 in most of the classes. I am sure if attention is given to future breeding, most of the comments written will be eradicated.
